KwiKom Communications, directly or through acquisitions, has provided Internet Services to MKC facilities for many years. KwiKom has a proven track record and has a real commitment to providing Internet Services to the very rural parts of Kansas.

MKC supports KwiKom's efforts to accelerate their deployment of Broadband Internet in Central Kansas by obtaining funding through the Kansas Broadband Acceleration Grant program. These funds will not only provide MKC better Internet service but also benefit many MKC members.

MKC is a full-service farm cooperative offering a complete line of supplies and services for both farm and urban customers in 24 counties throughout Kansas. With a current membership of more than 8,300 members.

A handwritten signature in black ink that reads 'Matt Friesen'.

Matt Friesen
Director of IT
