Which of the following best describes you? (Check all that apply)

- Internet provider in proposed service area

I am providing comments related to the following application (choose one):

Giant Communications - City of Denison, Jackson County

I am submitting comments to express

Concerns regarding a project

I am sharing concerns the project:

- Proposes to serve an area that already has service

Please provide your comments in the text box below.

A large portion of Giant Communications' Denison application covers already served portions of Jackson County. The attached map in the .csv file identifies locations already served with at least 40Mbps/3Mbps service that are nearly all within the build area of Giant's application. The overlapped structures in

CenturyLink's service territory appear as red dots. CenturyLink provides the addresses and speeds for each red dot in the proprietary .csv file. This area is supported by KUSF dollars, and CenturyLink has already deployed a fiber middle mile and copper terrestrial network.

Please provide supporting documentation to support your comments. Concerns related to overbuilds should include explicit data such as Census block and address specific data. Submit multiple files as a single ZIP file.
